PROJECT EXPERIENCE

1. **Salon Management System**

Year 2 Semester 2 ITP Module Project (2023 Jan – 2023 May)

Developed a web-based MERN Stack Salon Management System in accordance with client requirements to replace the currently existing manual system with an automated system.

2. Edu -Me Learning App

Year 2 Semester 2 MAD Module Project (2023 Feb – 2023 May)

The Educational Learning Android application 'Edu-Me' was developed for the Advanced Level students who needs some help to get the knowledge that required for their exams due to economic crisis.

3. Online Tour Guide System

Year 2 Semester 1 OOP Module Project (2022 Jul – 2022 Dec)

Developed a web-based Java Online Tour Guide System to users to do relevant bookings and many more.

4. Software Project Management Project

Year 3 Semester 1 SPM Module Project (2023 Jul – 2023 Nov)

Developed a web-based MERN Stack System along with a research paper for a shopping mall to handle the operations of a shopping mall.

5. Employee Management System

One of my individual projects to improve my skills in both backend & frontend development.

6. Pro Builds Web

Year 3 Semester 1 CSSE Module Project (2023 Jul – 2023 Nov)

Developed a web application using MERN Stack for a given procurement case study.

I certify that the above details and facts are true and accurate.
